Criteria: Detailed Description

The character and contents of the paper are clear from its title
The character and contents of the paper are clear from its abstract
The Introduction is focused and compelling
The introduction tackles all the key sections of the paper (literature, research problems, hypotheses, data, methods, results)
The literature is reviewed in an encompassing way and through a critical assessment
The main theories / concepts dimensions are clearly compared, and thoroughly discussed and analyzed in the paper
The key arguments are supported by references and there are no significant omissions
References are suited to the topic and state of the art in the field
Motivation: the paper focuses on very specific research questions/problems/gaps found in the literature
The paper formulates hypotheses/propositions/ a framework derived from the literature
The hypotheses /propositions / framework are well articulated with the literature reviewed
The research methods used are adequate to answer the research questions and aligned with those found in the published literature
The research methods are clearly described and articulated (explaining which quantitative /qualitative methods are used, why and how)
The text is clear about the data sources and/or construction (where, how and by whom were the data collected? How is the data organized?)
The text provides a clear data description
The results are presented in a solid and clear/objective way
The paper presents and discusses different and adequate robustness analyses
The paper explains how results fit the existent research (theories/evidence) discussed in the literature review chapter
The original and significant contribution(s) to a stream of the literature (theory, methods, empirical results) is/are thoroughly discussed
The specific (or potential) implications of this research to Practitioners / Companies / Decision-makers is clearly discussed
The paper discusses the key limitations of the study
The paper provides avenues for further research
The Literature is appropriate and correctly referenced/cited in the text and in the bibliography list
The paper structure and writing follow standard formats and all the figures & tables are clear
The paper is well written and presents no typos/glitches
