MR3574335 [Reviewed](#) [Morais, Manuel Cabral](#); [Pacheco, António](#) On stochastic ordering and control charts for traffic intensity. *Sequential Anal.* **35** (2016), no. 4, 536–559. [60E15](#) ([60K25](#) [62P30](#))

MR3572647 [Reviewed](#) [Morais, Manuel Cabral](#); [Pacheco, António](#) On hitting times for Markov time series of counts with applications to quality control. *REVSTAT* **14** (2016), no. 4, 455–479. [60E15](#) ([60J20](#) [62M02](#) [62P30](#))

MR3507938 [Indexed](#) [Morais, Manuel Cabral](#) An ARL-unbiased np -chart. *Econ. Qual. Control* **31** (2016), no. 1, 11–21. [62P30](#)

MR3483200 [Expansion](#) [Ramos, Patrícia Ferreira](#); [Morais, Manuel Cabral](#); [Pacheco, António](#); [Schmid, Wolfgang](#) On the misleading signals in simultaneous schemes for the mean vector and covariance matrix of multivariate i.i.d. output. *Statist. Papers* **57** (2016), no. 2, 471–498.

MR3369434 [Expansion](#) [Morais, Manuel Cabral](#); [Okhrin, Yarema](#); [Schmid, Wolfgang](#) Quality surveillance with EWMA control charts based on exact control limits. *Statist. Papers* **56** (2015), no. 3, 863–885.

MR3330277 [Indexed](#) [Salvador, Tiago](#); [Morais, Manuel Cabral](#) The traveling salesman problem and the Gnedenko theorem. *New advances in statistical modeling and applications*, 197–206, *Stud. Theor. Appl. Stat. Sel. Papers Stat. Soc., Springer, Cham*, 2014. [90C27](#) ([68W25](#))

MR3301848 [Expansion](#) [Morais, Manuel Cabral](#); [Ramos, Patrícia Ferreira](#); [Pacheco, António](#); [Schmid, Wolfgang](#) On the impact of falsely assuming i.i.d. output in the probability of misleading signals. *REVSTAT* **12** (2014), no. 3, 221–245.

MR3287648 [Reviewed](#) [Ramos, Patrícia Ferreira](#); [Morais, Manuel Cabral](#); [Pacheco, António](#) Misleading signals in simultaneous residual schemes for the process mean and variance of AR(1) processes: a stochastic ordering approach. *Advances in regression, survival analysis, extreme values, Markov processes and other statistical applications*, 173–182, *Stud. Theor. Appl. Stat. Sel. Papers Stat. Soc., Springer, Heidelberg*, 2013. [62M10](#) ([60E15](#) [62M07](#))

MR3051138 [Indexed](#) [Ramos, Patrícia Ferreira](#); [Morais, Manuel Cabral](#); [Pacheco, António](#); [Schmid, Wolfgang](#) Misleading signals in simultaneous schemes for the

mean vector and covariance matrix of a bivariate process. *Recent developments in modeling and applications in statistics*, 225–235, [Stud. Theor. Appl. Stat. Sel. Papers Stat. Soc.](#), Springer, Heidelberg, 2013. [62P30 \(62M07\)](#).

MR3046885 Reviewed [Ramos, Patrícia Ferreira](#); [Morais, Manuel Cabral](#); [Pacheco, António](#); [Schmid, Wolfgang](#) Stochastic ordering in the qualitative assessment of the performance of simultaneous schemes for bivariate processes. *Sequential Anal.* **32** (2013), no. 2, 214–229. [60E15 \(62P30\)](#)

MR2964464 Reviewed [Morais, Manuel Cabral](#); [Okhrin, Yarema](#); [Schmid, Wolfgang](#) Limit properties of EWMA charts for stationary processes. *Frontiers in statistical quality control 10*, 69–83, *Physica-Verlag/Springer, Heidelberg*, 2012. [62P30 \(60F99 60G10\)](#)

MR2964462 Reviewed [Ramos, Patrícia Ferreira](#); [Morais, Manuel Cabral](#); [Pacheco, António](#); [Schmid, Wolfgang](#) Assessing the impact of autocorrelation in misleading signals in simultaneous residual schemes for the process mean and variance: a stochastic ordering approach. *Frontiers in statistical quality control 10*, 35–52, *Physica-Verlag/Springer, Heidelberg*, 2012. [60J20 \(60E15 62M10 62P30\)](#)

MR2899606 Reviewed [Morais, Manuel Cabral](#); [Pacheco, António](#) A note on the aging properties of the run length of Markov-type control charts. *Sequential Anal.* **31** (2012), no. 1, 88–98. (Reviewer: Sven Knoth) [62L10 \(62P30\)](#)

MR2568195 Reviewed [Knoth, Sven](#); [Morais, Manuel Cabral](#); [Pacheco, António](#); [Schmid, Wolfgang](#) Misleading signals in simultaneous residual schemes for the mean and variance of a stationary process. *Comm. Statist. Theory Methods* **38** (2009), no. 16-17, 2923–2943. [62P30 \(60J20 62L10\)](#)

MR2458946 Reviewed [Morais, Manuel Cabral](#); [Okhrin, Yarema](#); [Pacheco, António](#); [Schmid, Wolfgang](#) EWMA charts for multivariate output: some stochastic ordering results. *Comm. Statist. Theory Methods* **37** (2008), no. 16-17, 2653–2663. [62M10 \(60E15 62P30\)](#)

MR2327979 Reviewed [Morais, Manuel Cabral](#); [Pacheco, António](#) Shewhart schemes with variable sampling intervals revisited. *Sequential Anal.* **26** (2007), no. 3, 265–282. (Reviewer: J. A. Melamed) [62N05 \(60E15 62P30\)](#)

MR2392103 Indexed [Morais, Manuel Cabral](#); [Okhrin, Yarema](#); [Pacheco, António](#); [Schmid, Wolfgang](#) On the stochastic behaviour of the run length of EWMA control schemes for the mean of correlated output in the presence of shifts in σ . *Statist. Decisions* **24** (2006), no. 4, 397–413. [62N05 \(62J10 62M10 62P30 68T05\)](#)

MR2271922 Indexed [Cabral Morais, Manuel](#); [Pacheco, António](#) Assessing the impact of head starts in the performance of one-sided Markov-type control schemes. *Sequential Anal.* **25** (2006), no. 4, 405–420. [62P30 \(60E15 62N05\)](#)

MR2122821 Reviewed [Morais, Manuel Cabral](#); [Pacheco, António](#) A note on the ageing character of the run length of Markov-type quality-control schemes. *J.*

[Appl. Probab. 41 \(2004\), no. 4](#), 1243–1247. (Reviewer: René L. Schilling) [60J20](#) ([60E15](#) [60J10](#)).

MR2071565 Reviewed [Morais, Manuel Cabral](#); [Pacheco, António](#) A note on stochastic ordering criteria in SPC for the case of correlated output. *Frontiers in statistical quality control 7*, 237–260, *Physica, Heidelberg*, 2004. [62N05](#) ([60E15](#)).

MR2014584 Reviewed [Mateus, P.](#); [Morais, M.](#); [Nunes, C.](#); [Pacheco, A.](#); [Sernadas, A.](#); [Sernadas, C.](#) Categorical foundations for randomly timed automata. *Theoret. Comput. Sci. 308 (2003), no. 1-3*, 393–427. (Reviewer: Andrea Maggiolo-Schettini) [68Q45](#) ([18B20](#)).

MR1858011 Reviewed [Cabral Morais, Manuel](#); [Pacheco, António](#) Some stochastic properties of upper one-sided \bar{X} and EWMA charts for μ in the presence of shifts in σ . *Sequential Anal. 20 (2001), no. 1-2*, 1–12. (Reviewer: Yanhong Wu) [62P30](#) ([90C40](#)).

MR1747710 Indexed [Morais, Manuel Cabral](#); [Pacheco, António](#) On the performance of combined EWMA schemes for μ and σ : a Markovian approach. *Comm. Statist. Simulation Comput. 29 (2000), no. 1*, 153–174. [62P30](#)

MR1666716 Indexed [Cabral Morais, Manuel](#); [Pacheco, António](#) Two stochastic properties of one-sided exponentially weighted moving average control charts. *Comm. Statist. Simulation Comput. 27 (1998), no. 4*, 937–952. [62N10](#)

MR1621390 Indexed [Morais, Manuel](#); [Natário, Isabel](#) Improving an upper one-sided c -chart. *Comm. Statist. Theory Methods 27 (1998), no. 2*, 353–364. [62N10](#)
